food presentation solutions

WE MUST FACE THE FUTURE!

With the new generations becoming older, they are expecting higher standards in aged care facilities, and living standards.

The Baby Boomers now entering aged care are largely educated and sophisticated; many are avid diners and connoisseurs who will not tolerate a food service offering that is seen as institutional.

It's important to stay ahead of this changing demographic, in the aged care/retirement industry innovating, and keeping on-trend.

Attracting high end patrons, this presents a new era of aged care offering. It's so important to provide food presentation, enabling a higher standard of food and amenities just like a hotel.

LOOKING AHEAD

The next generation is wanting the hotel experience when they age, that is 'Resort Style aged care'. Spaces for their family to come and share a coffee or a meal. This is key to setting yourself apart in aged care facilities.

We are seeing the trend shifting to this new wow dining experience.

At Top Shelf we are helping those that want to lead the pack... the innovators will be the success stories, the pioneers! We help them with tools!... Bakery displays, buffets that shine.

Providing spaces where the young want to be with the older generation, sharing quality time, and a few laughs!

Perception is reality, so how your customers or clients view your facility will be influenced by the quality of your products.

First impressions matter! Family making that hard decision, of where to put their Mum or Dad... it's all based on the care, the food and let's face it the 'environment' of the facility.

HOW TO DO IT WITH FOOD PRESENTATION

The key to your future positioning is using 'tools' that say it all! Consider a breakfast buffet, that can stay for brunch... a quiet service, which had been hallmarks of upscale hotels, and resorts. The winners will be those who disrupt the market.

Cafe style spaces, and buffet meals instead of the passed tray will defy the status quo. The hotel experience which will become a leading strategic initiative for most aged care facilities in the future.

It doesn't stop there. Buffet has spread.. juice bars, crafted beer with snacks in one hand operation dispensers in bars in the community room, functions and other social events, that all have impact on the elderly's mental health.

DIFFERENTIATING WITH FOOD

Services will take you into the 'blue ocean' where there are less competitive pressures. You will drive continued innovation as other aged care facilities will recognise a prime opportunity to differentiate with food service in aged care facilities.

We expect a raise of the bar, with aged care facilities, and retirement villages, with continued upgrades, further restaurant **i**nspired innovation to win new food service customers. With that in mind, we expect the aged care facility industry as a whole to achieve solid long term growth.

EXTENSIVE RANGE

The very best products for commercial food presentation, taking aged care quality to a whole new level.

Save money

Invest in high quality, durable solutions that look good and perform reliably for the long haul. Reduce wastage, avoid fines.

Save time

Reduce clean up with our sustainable EcoStyle disposables, cereal and beverage dispensers, resin platters that are shatterproof and dishwasher safe.

Build your reputation

Consistently present your cuisine to the very highest of standards.

Encourage repeat business

Deliver an outstanding experience they can't find elsewhere, and where family are attracted to visit their aged parents, friends and relatives.

Food Safety

Compliance can be a confusing issue. We can help you to comply with OH&S regulations and meet statuary requirements where they apply.

Take advantage of the airtight bakery cases; dry food dispensers, with minimal moving parts for hygiene. No mess means safety for your seniors (no slipping or falling).

CONTENTS

Serving/In Room Service

EcoStyle Bamboo
Bamboo servingware includes – cutlery, plates and skewers.

TopStyle
Wax Food Paper and Pouches, Chip and Dip Cones, Tray Liners, Table Covers, Teapots, Resin Platters and Bowls.

BentoStyle
Clear lids that assist with food safety, and presenting food on the move.

In-House Cafe

Bakery Display and Serving
Our high-quality bakery cases are designed to keep food as fresh as possible, while creating an eye- catching display.

Buffet and Social Dining

Cereal and Beverage Dispensers
Saving on expensive ingredients, and keeping hygiene with no mess, which means no wastage.

Buffets and Food stations

Display Stands and Risers, with a small foot print. Buffets have impact and create a quality look that enhances your name and venue. First impressions matter! Resort style.

Leading the hospitality industry with innovative food presentation products!

top shelf Care

WHY TOP SHELF FOR CARE?

Equipment and products that will keep you at the forefront of the aged care industry. Being a healthcare facility it's essential to be on-trend with state-of-art facilities to meet the expectations of your clients.

Top Shelf Concepts has a solution for all your hospitality needs from niche disposables to commercial food presentation and serving solutions. Top Shelf Concepts has the answer to keeping airtight, visibility and using a small footprint. Being innovative leaders to aged care we can consult on how to attract and retain your clients.

A GLOBAL TRANSFORMATION

AGEDCARE: A GLOBAL TRANSFORMATION

Aged care services are rapidly being transformed globally by consumer-driven demand for specific and personalised service. Clients will define and use their buying power to achieve service quality.

That's where Top Shelf Concepts shines – we help you build your market share through innovative resort style models. This is particularly so for meals at residential aged care facilities. Meal quality is high on the shopping list of a potential resident and is of major interest to their family.

Research shows the meal service occupies a large percentage of a resident's day and thoughts. First hand encounters demonstrate that the next meal is frequently the focus, even before leaving the dining room from the current meal.

From fun, funky disposables to modular buffet equipment, Top Shelf Concepts has solutions for your food and beverage offering – be it the In-House café, restaurant or bar, community room, you need quality!

We believe age is to be celebrated and enjoyed. That's why you need to create and innovate an all-encompassing and vibrant lifestyle for your seniors.

World class facility, light filled spaces, wellbeing focused restaurants, coffee and providore, it's all down to the power of human connection and the ability to welcome the community into their home and experience happy positive relationships.

We know that engagement, celebrating life makes for healthy residents. You want to provide a culture that removes the stigma around ageing, by allowing people to celebrate and enjoy and share the best time of their lives in what really is an ageless community.

A BETTER WAY TO LIVE

When we set out to create a new benchmark in over 50's living, it's more than just creating another seniors community. People move into them out of necessity, not out of choice, due to problems such as ill health, family concerns or a fear of no longer being able to maintain their own home.

A downsize into a smaller unit in a seniors community, is a huge emotional change, and it's necessary to provide the most positive atmosphere, to make it easier during this life transition.

"We believe age is to be celebrated and enjoyed. That's why you need to create an innovative, all encompassing and vibrant lifestyle for your seniors"

With the new generations becoming older, they are expecting higher standards of aged care facilities, and living standards. This presents a new era of aged care facility amenities to ensure a cutting edge competition to attract high end, well paid customers.

We can show you how the food presentation, serving equipment and methods can enhance safety and hygiene. And at the same time reduce wastage.

Residents in aged care facilities rightly expect their food to be prepared and served in a safe and hygienic manner, but this is a particularly critical issue in this sector, as residents are extremely vulnerable to bugs and viruses.

An outbreak of food poisoning can have a devastating personal effect on individual residents and staff; and this has a knock-on effect for the professional reputation of the facility itself.

The best in aged care, the feeling of a resort!

Live younger for longer - atmospheres driven by wow food presentation.

SMART, STYLISH & SUSTAINABLE
“HOW TO DO IT WITH FOOD PRESENTATION EASILY. ”

Environmentally friendly. Pine Food Boats, Cups, Cones and Skewers, styling food the ‘green’ way has never looked so good.

HIGH TEA

These solutions are popular in aged care because it triggers fond memories, provides essential hydration, and serves as a dignified, non-clinical activity that engages all the senses. It also offers an inviting, familiar setting for residents to socialise with family and friends.

- Reminiscence: The aroma of hot tea and fresh pastries connects deeply with long-term memory, offering comfort and security.
- Vital Hydration and Nutrition: The gentle ritual encourages seniors to drink fluids, which is critical for preventing health issues. Dainty finger foods also stimulate declining appetites and are easy to manage for those with dexterity issues
- Social Engagement: Gathering for tea stimulates conversation and cognitive function, combating loneliness and depression. It gives residents a reason to dress up and interact with peers and to invite loved ones
- Dignity and Homeliness: Shifting from institutional dining to delicate china, tiered trays, and fine linens restores a sense of fun, luxury, and independence.

CEREAL DISPENSERS FOR BREAKFASTS AND SNACKS

BUFFET AND SOCIAL DINING

The Rosseto patented portion-control mechanism sets cereal dispensers apart. Residents are able to self-serve, with one-hand operation, easy to use for arthritic seniors. Save money on wastage, by using these airtight solutions. No mess, and no shrinkage – better for the bottom line for food costs.

Food is a central aspect of all of our lives – and a core area of aged care! Food is so much more than just nourishment for our bodies: it brings people together, it links us to memories and other experiences, while its contribution to clinical improvement is still being understood.

With the new generations becoming older, they are expecting higher standards of aged care facilities, and living standards. This presents a new era of aged care facility amenities to ensure a cutting edge competition to attract high end, well paid customers.

The objective of providing a warm, homestyle atmosphere for residents is to enhance the emotional wellbeing, and strengthen capacity to maintain independence, and general health.

Often events that focus on engagement through activity, encourage companionship, and social interaction at meal times.

PRECISE PORTION CONTROL

Featuring patented portion control technology, they are designed to ensure food stays fresh and keeps its crispness, always. Minimal moving parts – ensures durability, easy cleaning and transportation.

Features

- Patented flexible, silicone paddle that won't crush the contents
- Air-tight paddle to keep food fresh
- Sturdy base and canister for optimal stability
- High quality rotator shaft
- One hand operation easy for Arthritic Seniors

EASY FOR ARTHRITIC SENIORS

NO MESS

Flexibility of meal times has health and lifestyle benefits, positive impact on behaviour and temperament of some residents.

BEVERAGE DISPENSERS

HYDRATION STATION WITH FRUIT INFUSION

Juice bars in community rooms encourage seniors to stay hydrated. Highlight all the health benefits. Display herbal iced-teas, water flavoured vodkas (for special occasions).

- **Lightweight**
- **Easy to clean**
- **Display Fruit without contaminating water**
- **High quality materials**
- **Removable central infusion chamber**

Serve up refreshment with a touch of natural luxury. The Natura Bamboo Beverage Station features two bamboo beverage dispensers and a bamboo surface. Dispensers available separately as well. No more watered down drinks. Professional beverage dispensers have an innovative removable ice chamber that floats atop of the beverage, slowly cooling as it settles during use without melting ice.

SENIOR DINING

Providing an upscale dining experience will enhance their quality of life. Feeling pampered and catered to adds enjoyment and contentment to their remaining years. You are creating priceless memories for families. Research shows that meal service occupies a large percentage of a residents day and thoughts. The next meal is frequently the focus, so we must exceed expectation for the generations to come.

TOP STYLE

MODULAR BOWLS

These bowls are a food service dream! The curved edges make them stackable and allow food to be carried easily. Rubber feet allow for good air flow in the deli cool case and prevent slipping when used on buffet tables. Two designs: Oakwood and Crockware. Dishwasher safe.

Oakwood

Rubber feet on all bowls

Looks like wood, cleans like a dream; these Oakwood pieces are actually a high-quality resin. This means they won't break and will hold up to whatever is dished out.

Crockware

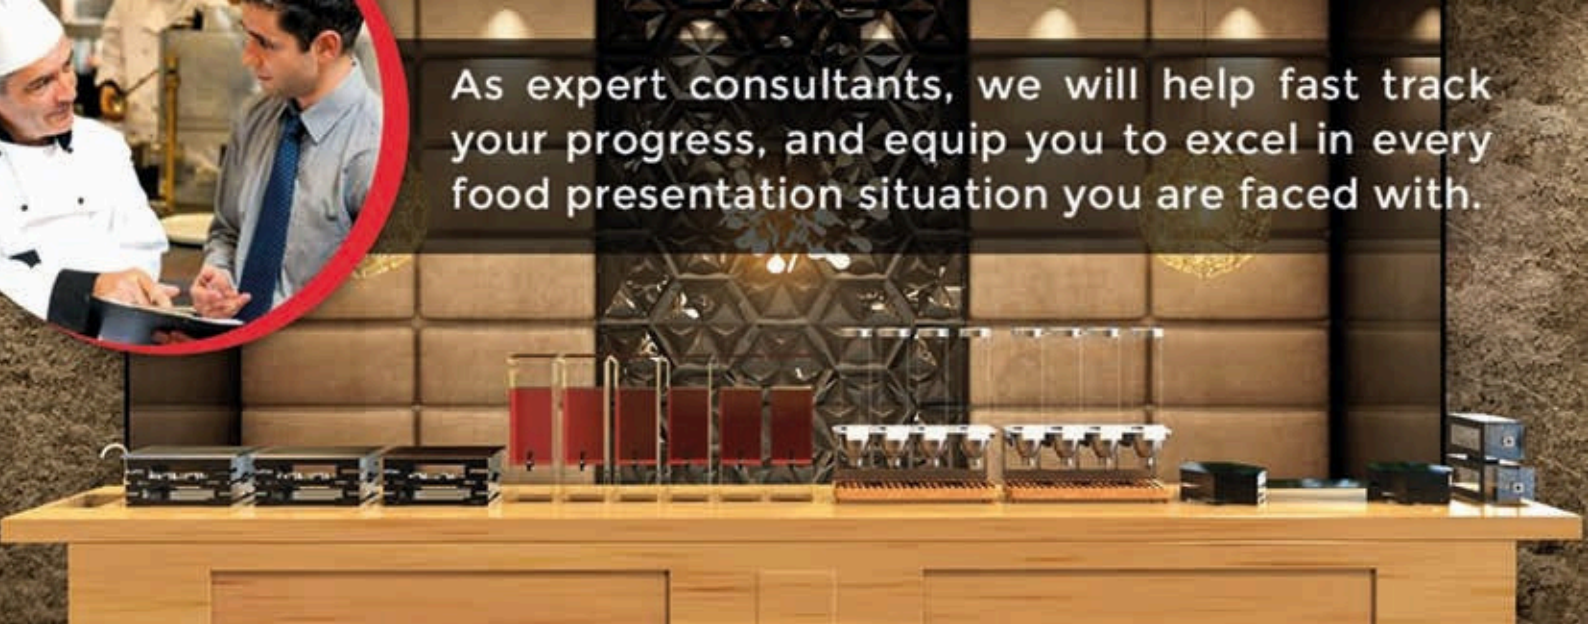
Rubber feet on all bowls

Customers will see stylish ceramic serving bowls, but they're really super-tough, lightweight melamine. Eliminate slippage, breakage, loss and keep your costs down in line with your usages. Significant savings in man-power, prep/clean-up and storage, all while maintaining your environmental goals.

"Meal quality is at the top of the list for potential residents and is a of major interest to their family"

STYLISH, HYGIENIC AND DURABLE

STACKABLE, EASY TO CLEAN, DISHWASHER SAFE



Find product features and highlights throughout this brochure using the following icons:

Stackability
Keep your Rosseto® products looking new longer. Stackable design makes storage easy.

Portion Control Technology
All Rosseto dispensers include patented portion-control technology that allows you to control food cost and save money. Select portion control wheels are available for individual dispensers that range in portion sizes from 1 teaspoon to half a cup.

Eco-Friendly
Made from natural, biodegradable or recyclable material.

Connectability
All Rosseto products are designed to work together. Choose from a range of materials and sizes to create endless combinations of display designs. Simply select your risers or bases and add surfaces. Building your own custom buffet has never been so easy.

US Stainless Steel
Weare proud that all of our steel is made and manufactured in the US from the highest quality material available. All steel is 14-gauge, laser polished. We are so confident in the quality of our products, that we offer a lifetime guarantee on all welding.

Easy steps to order

Contact

Contact us by phone, email or online at **topshelfconcepts.com**

Consult

Your Top Shelf Concept's consultant can meet you on site or in our showroom to gain a full understanding of your requirements and objectives. We will then provide recommendations tailored to your facility.

Proposal/Order
